

# Graduate Broadcast Engineer

**As a leading provider of software and solutions to broadcasters worldwide, Pebble Beach Systems delivers the technology which controls the playout of over 600 TV channels in more than 50 countries. We are a young, expanding company based in Weybridge Surrey, and have offices in Denver, Dubai and Singapore.**

Since the company was founded in 2000, we have established a strong reputation for technical innovation and exceptional customer service in the mission-critical space of broadcast playout. Customers include Fox News and Business channels USA, ZDF Germany, Globosat Brazil, OSN Dubai, TV4 Sweden, TV2 Denmark, ART Jordan and Phoenix TV Hong Kong.

**To support our expansion we are looking for a Graduate Broadcast Engineer to join our Projects and Support team in Weybridge.**

## **Looking for someone with:**

- Good degree (or similar) in Computer Science or a related technology subject
- Strong networking and SQL skills
- Good understanding of the Windows Operating System at a configuration and admin level
- Confident communication skills
- A passion for understanding how technology works and problem solving
- A willingness to travel

## **Desirable skills:**

- A second language
- Some experience of Virtualization Technology
- Experience or a keen interest in the Broadcast industry

## **Responsibilities & duties**

- Provide on-site and remote support to our worldwide customer base
- Setting up / configuring our products
- Represent Pebble Beach Systems and be a point of technical contact for customers
- Travel across the world to provide technical support

## **Essential criteria**

-Hold a valid passport with the unrestricted right to live and work in the UK and travel internationally

## **In return we offer**

- Excellent benefits and a fantastic working environment.
- Sports teams like Basketball, Football, Squash, Badminton and many more.
- Quarterly company socials like go-karting, wine tasting, rock climbing, theme park days and more!
- Games nights, Hackathons and regular tech events.
- The chance to travel internationally
