

Senior Software Developer

As a leading provider of software and solutions to broadcasters worldwide, Pebble Beach Systems delivers the technology which controls the playout of over 600 TV channels in more than 50 countries. We are a young, expanding company based in Weybridge Surrey, and have offices in Denver, Dubai and Singapore.

Since the company was founded in 2000, we have established a strong reputation for technical innovation and exceptional customer service in the mission-critical space of broadcast playout. Customers include Fox News and Business channels USA, ZDF Germany, Globosat Brazil, OSN Dubai, TV4 Sweden, TV2 Denmark, ART Jordan and Phoenix TV Hong Kong.

To support our expansion we are looking for a Senior Software Developer to join our Development team in Weybridge to work on our Marina product, our flagship automation product. Marina is real time, capable of controlling dozens of devices through communication protocols, IP, Serial, REST and SOAP and we're currently using QT.

Looking for someone with:

- Experience developing software products using the complete software development life-cycle
- A degree, or equivalent, in the field of science, engineering or computing
- A minimum of 4 years C++ development experience with experience mentoring junior team members
- Multithreaded, high performance (real time), device driver, client-server and GUI software development experience
- Strong analytical and problem solving skills

Desirable skills:

- Agile development experience
- Experience working with Java, Python, SQL, XML, TCP/IP, UDP
- Experience within the Broadcast industry

Responsibilities & duties

- Mentoring graduate developers
- Investigate, Design and implement solutions to problems and new feature requirements
- Setting up / configuring test environments for use whilst developing code
- Contribute to the continuous improvement of the software practices within the business
- Find, report and fix defects, work with support team to help diagnose and fix customer issues

Essential criteria

- UK applicants must hold a valid passport with the unrestricted right to live and work in the UK and travel internationally

In return we offer

- Excellent benefits and a fantastic working environment
- Sports teams like Basketball, Football, Squash and many more
- Quarterly company socials like go-karting, wine tasting, rock climbing, theme park days and more!
- Games nights, Hackathons and regular tech events
